DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of group I, claims 1-2 drawn to a semiconductor device is acknowledged.
2. This application is in condition for allowance except for the presence of claim 3 to an invention non-elected without traverse. Accordingly, claim 3 has been cancelled.

Allowance

3. Claims 1 and 2 are allowed.

Reason for allowance

4. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest, singularly or in combination at least the limitation of "a vertical hole part formed substantially perpendicular to the incident surface on the incident surface side, and a pyramidal hole part formed like a quadrangular pyramid on the opposite surface side; the vertical hole part and pyramidal hole part being connected to each other within the semiconductor substrate, the pyramidal hole part having a wall surface formed as a (111) plane" for a photodiode array.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. References A-H are cited as being related to light detection structure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Samuel A Gebremariam whose telephone number is (571) 272-1653. The examiner can normally be reached on 8:00am-4:30pm.
